

# Young People's drug services in Surrey have changed - Did you know?

**24/7**

**Young People's Drug & Alcohol Support Service**

free phone

**0800 622 6662**

On the 1st November young peoples drug services changed. The new Service called 24/7, run by Catch22, (formerly known as Rainer), now provides the main service for young people aged 11 - 19, who are using substances in Surrey.

We know that drugs and alcohol can have a huge impact on young people's lives and futures, so with a dedicated county-wide multi-professional team of support workers, we will be working hard to help young people through this difficult time.

More information will be coming out shortly, but in the mean time if you need to refer a young person, have a question or just want to find out more call 01378 832 888 or e-mail [247@catch-22.org.uk](mailto:247@catch-22.org.uk)
